

# Early Bird Vendors

(AKA *The Night People of Wolff's Flea Market*)

Some vendors arrive very early and we have started parking you around midnight.

This season, Saturday night events are scheduled for over half of our weekends.

What does this mean?

1. We cannot set up the market or allow vendor entry until all event traffic has vacated.
2. These events have different end times and we will not always know in advance when you will be able to enter the lot.
3. Odds are it will not be before midnight, and could be as late as 1am. (*The Day People of Wolff's Flea Market* still call that early BTW)
4. In the past, the traffic police lined up vendors on Barry St., which is off Lunt towards the west (Note that Barry is a dead end). They may continue to do so, but it is not guaranteed and depends on the event and who is in charge of traffic for the day.
5. If you arrive while a concert is letting out, please stay out of the way of all traffic exit operations.
6. Please follow all directions from Rosemont and Wolff's Flea Market employees. Do not argue. If you do, we will not allow you back to sell.
7. Bottom line is that when the parking lot opens we will do our best to keep order. We appreciate your cooperation as you wait in line.

Thank you for your patience.
